

Rhodar

National asbestos removal specialists

The leading choice for asbestos removal and abatement in the UK

Rhodar is at the forefront of asbestos removal in the UK. We've been providing exceptional service since 1976, and have earned our enviable reputation for uncompromising quality along the way. Supported by over 400 employees at 12 facilities nationwide, our highly trained team is trusted by major corporations to offer a specialist response to asbestos related issues, across both public and private sectors. Our commitment to health and safety underpins everything we do. Our vision is to maintain our market leading position, developing long-term client relationships; our mission is to maintain the highest industry standards of service and performance. *In Pursuit of Excellence*, Rhodar is your trusted partner for all asbestos abatement requirements.

Health, safety and quality

When it comes to **health & safety excellence**, we are leaders in our highly legislated industry. From our bespoke **SAFEguard** programme and internal audit team to our site-based initiatives, we deliver exceptional Health & Safety standards in everything we do.

Our **quality** is second to none. We proudly hold a full 3-year HSE asbestos removal licence and with a comprehensive suite of accreditations, insurances and other required industry qualifications in place, we consistently provide an outstanding service across all of our sites.

Technology

Our great people work in conjunction with great systems, streamlined processes and clear procedures. They have the benefit of **advanced technology** at their disposal, including tablets and apps for project activity and KPI monitoring, contributing to the delivery of class leading operational sites.

Rhodar is renowned for its **industry leading innovations**, our Personal Decontamination Vacuums have been designed specifically for use by operatives on-site and our All-In-One Welfare Hygiene Vehicles are unique to the industry. Rhodar's team are all fully equipped with the most up to date and cutting-edge technology.

Experience and sectors

With expertise across all public and private sectors, **our experience is unrivalled**, we draw on best practice initiatives to continually improve the way we work across all sectors. We're proud to work with an enviable list of key organisations, contractors and buying consortiums that includes:

The sectors we work in include:

- Retail
- Utility
- Education
- Industrial
- Healthcare
- Transport
- Public
- Commercial
- Domestic & Insurance
- Defence
- Construction

Flexible support

We have a **flexible support infra-structure** to handle all types of work. Operating on projects of various sizes, we have local teams who focus on regional works in addition to our National Accounts team who are dedicated to centrally managing UK-wide clients and projects.

Our dedicated housing division, **Rhodar Homeworks** Domestic asbestos management provides specialist domestic support and asbestos management services for predominantly insurance companies and housing associations.

Trusted partner

We're trusted by our clients, contractor partners and industry colleagues. Acting as Principle Contractor or Key Sub-Contractor, with the appropriate security clearances, training and insurances in place, we deliver projects on time and on budget. We provide clients with training through seminar roadshows and are regularly called upon to speak at industry events.

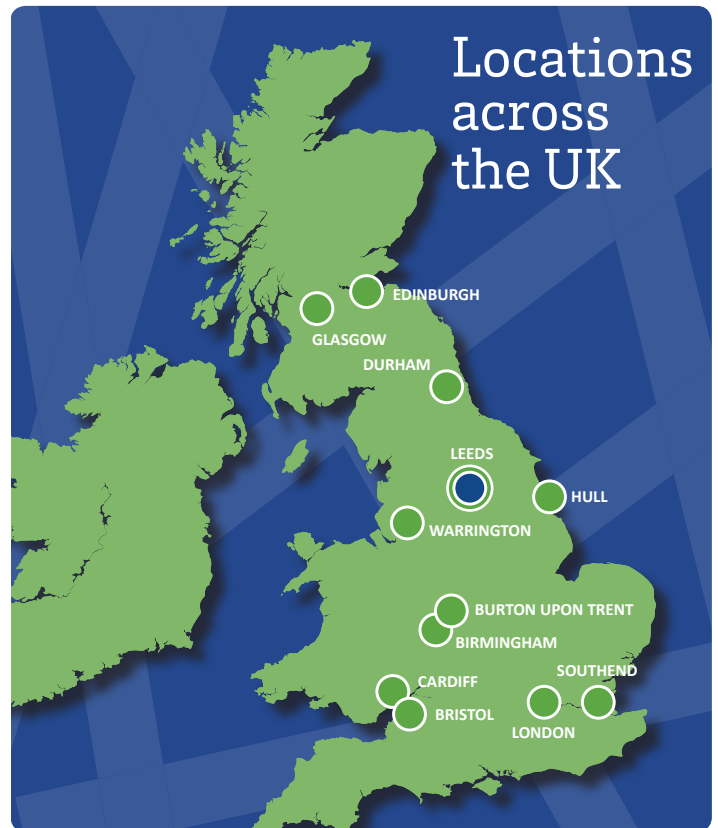

Our **responsibilities** cover a range of areas, including:

- **Legislation** – we maintain a comprehensive range of licenses, memberships and accreditations
- **Health & Safety** – complementing our OHSAS18001 certification we have introduced a series of initiatives to support our H&S performance
- **Training** – our workforce undergoes continuous workplace training, tracked and monitored online, working to the principles of Training Needs Analysis (TNA)
- **Quality** – registered to ISO9001, our focus on quality is reaffirmed by our 3-year HSE licence
- **Environment & Sustainability** – sustainable procurement and carbon reduction initiatives have been introduced across the company from our consumable and raw material usage to how we manage our fleet
- **Corporate Social Responsibility** – investing in the communities we work in is part of the successful service we deliver, as is our support for local charities

Part of a financially-sound group with an impressive turnover, we have loyal, long serving staff and 85% of our revenue is underpinned by long-term client agreements.

At Rhodar, we've been providing **exceptional asbestos removal solutions** since 1976, and we're continually looking to build on this proud heritage.
